OCTOBER 2026

Sponsor a student, change a life for good.

About Us

Our Mission & Impact Founded in 2007, Hridoya Bangladesh bridges the gap between talent and financial hardship by providing educational scholarships to bright, underprivileged students.

- Who We Support: Over 100 students annually—including neurodivergent children with autism and youth from slum communities—from primary school through top-tier higher education.
- Proven Track Record: Supported 1,500+ students and multiple schools to date, with graduates studying at leading institutions like Dhaka University and BUET.
- Maximum Donation Efficiency: Run entirely by volunteers, keeping operational overhead under 1% so that 100% of your contribution directly funds a student's education.

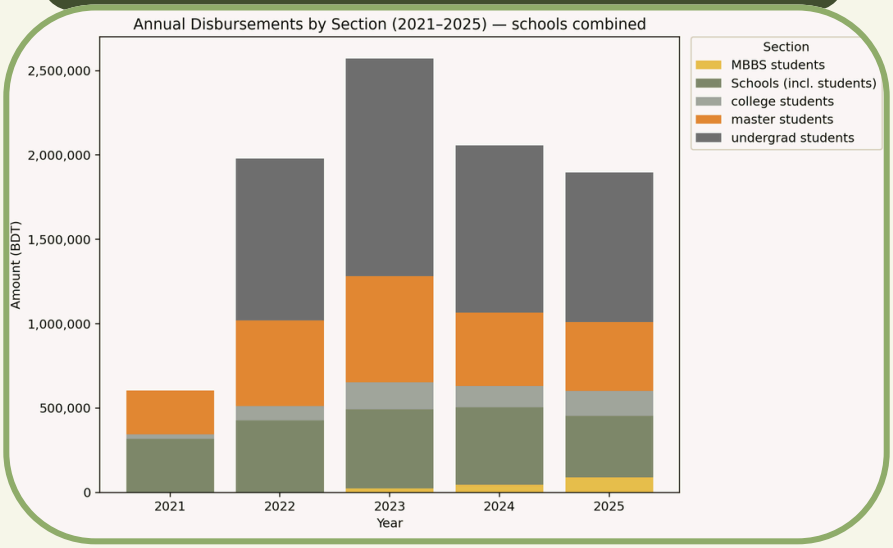

Here's how we're making an impact:

High School Scholars (Classes 9-10) Support high-achieving, financially challenged students who have excelled in their JSC exams by providing them with necessary educational materials.

University Dream Help exceptional students overcome financial and social barriers to attend university after achieving outstanding results in their SSC and HSC exams.

Medical Students Program
Support the rigorous journey of aspiring doctors from low-income families by helping cover the high costs of medical books, tuition, and essential equipment.

Swapnadhara School: Education for Slum Children This Dhaka-based project provides basic education and vocational training to children from nearby slums, empowering them with essential life skills.

MEET OUR STUDENTS!

We've been cheering and supporting for them since they were in high school! Now, as they excel in their dream universities, we couldn't be prouder. It's a joy to continue supporting them in their incredible journeys!

"A Chapter of Success in My Life: From founding the Jagannath University Multimedia Unit (JnMU) to reporting for Manab Zamin, my journalism journey has been driven by passion. I am now studying full-time for the BCS exam to fulfill my mother's dream. After river erosion devastated my family, financial aid from Hridoy Bangladesh has kept my education alive. I remain deeply grateful."

Al-Mamun
Mass Communication & Journalism
3rd Year, 1st Sem, JnU

"As a 4th-year Fisheries student at HSTU, I have always maintained strong academic performance. However, during my 3rd year, sudden illness forced me to stop tutoring, putting my education at risk. The Hridoya Bangladesh scholarship provided vital financial support, allowing me to continue my studies and pursue my goals. Overcoming this hardship is one of my greatest achievements, and I am deeply grateful to Hridoya Bangladesh for empowering students like me."

MEET OUR STUDENTS!

"Through hard work and dedication, I proudly achieved a GPA-5 in my SSC examination. Receiving a scholarship from Hridoya Bangladesh has significantly eased my family's financial burden and allowed me to focus on my education. This support deeply motivates me to study with greater dedication and strive toward my future goals."

Md. Arafat Mahmud
HSC-2026

"I am currently taking my 9th-grade exams. Living and studying in Bogura places a heavy financial burden on my family, making it difficult to afford basic expenses and private tutoring. Your monthly scholarship provides vital support by covering my tutoring costs. My goal is to attend a good college after 10th grade and eventually pursue higher education at a university. I am deeply grateful for your support and ask for your prayers for my future."

Rokaiya Sinha
Class 9, Yakubia Girls' High School & College
